

PAN AFRICAN PYRAMID

PETITION TO THE RT. HON. SPEAKER PARLIAMENT OF UGANDA.

RT. HON. ANITA AMONG.

ON THE RE-TABLING OF THE ANTI-HOMOSEXUALITY ACT – 2014.

ABSTRACT

Madam Rt. Hon. Speaker

We are profoundly humbled that you gave us this appointment to listen to PAN AFRICA members on this touching topic on Anti - homosexuality and sexual relations and perversion generally.

Homosexuality is an age long topic and was even written in the Bible in the case of Lot which is 3,000 years old. It is an issue which has remained with humanity up to now.

In the recent past there has been a twist. Not only is the devil perverting people into homosexuality but those engaged in the act are forcing it upon our people, or children, our students.

Those forcing it on others are the target of the Anti-Homosexuality Act. Those spreading it in society are the target of the Anti-Homosexuality Act.

As you recall this year on the 16th/February/2023, while presiding over the Janani Luwum Day, his Excellency the President re-launched the war against Homosexuality.

Madam Speaker, you recall that in 2014, the President had already done his part and accented to the bill which became Law.

Madam Rebecca Kadaga had presided over the passing of the Law on the 20th December 2013.

It had become Law in 2014. However certain members of Parliament raised the matter of quorum and went to Court.

This led to the Law being struck off by Constitutional Petition No. 8 of 2014 on the 1st August 2014.

As a Lawyer you know that, that meant that the Law had to be re0tabled before Parliament. For 9 years now this has not been done.

Yet, Madam Speaker the vice continues to eat deeper and deeper into our society.

Today the 24th February 2023, Ugandans have manifested their utmost unity against the vice of Homosexuality. We must purge this like from our society. Muslims, Christians, Sheikhs, Hindus and all faiths in the land are united against the vice.

We can never succeed to wipe out homosexuality in the society unless we get back to our African cultural values and roots. We can never purge homosexuality unless we get back to the Quran and bade to the Bible as a Nation and as a people.

- These are the days of "Elijah" Eli Yah when we must take command and charge.
- We have already served the Parliament of Uganda to re-table the Anti-homosexuality Act in 40 days or this nation faces the wrath of Yahweh, the Elohim of Yisrael.
- During the last Janani Luwum day National Altar prayers in Wii-Gweng Kitgum a very clear prophecy and message was received from God.

The cries of innocent Ugandan children being forcefully sodomised by homosexuality, teachers and security personnel has reached the ears of God Yahweh the creator of the earth. What Yahweh did to Sodom and Gomorrah recorded in the book of Genesis (Breshit) 1-19-35 he is about to do on Kampala in forty days unless we go down on our knees and re-table the law to purge Homosexuality from amidst us.

Over 1.7 million Ugandan children from primary to University are in "Sexual exploitation scholarships". The government has made education too expensive that Ugandan children are getting education scholarship funded in exchange for Homosexual relations; a case in the example in Mugarura a Kyambogo University student who killed his sponsor.

Those children in such bondage are victims of homosexuality. Their videos are recorded to blackmail them.

We are giving the Minister of Education, Hon. Janet Kataha Museveni 40 days from the 16th February 2023 to register all scholarship schemes in Uganda from one-man schemes to NGO, church and school scholarship including MP scholarships and announce to Ugandans which scholarships are legal and which are not. She must also announce the ownership, Directors and location of all scholarships in Uganda. 930,000 Ugandan children are not in their homes purportedly that they are in scholarship schools some of these have since been killed, scarified or permanently enslaved into homosexuality in various locations in Uganda.

We also call upon LCI Chairpersons all over Uganda to hold village meetings this weekend to ask parents who have not seen their children who went for scholarships over one year ago to come up and report the case to the Police. We have had testimonies of parents who surrendered their children over 3 years ago and have not seen these children again. Any parent with a child on such scholarship must disclose its terms and conditions.

We ask all LC I Chairpersons all over Uganda to not and identify all houses in which children males or females are seen but whose mothers are not seen or recorded in LCI books. Homosexuals cannot produce but they kidnap and hold children both for sex and to give semblance of a family.

We ask all Christian churches to dedicate this Sunday to pray against homosexuality. We ask all Christians to dedicate this lent season to pray against homosexuality. This type does not go except by prayer and fasting as stated in the book of Mathew in the Bible.

We want government to close all International schools teaching this thing.

We want all Churches, Mosques and all places of worship to declare their position or doctrine on marriage, sexual relations between sexes. Sex in all out of marriage and file their doctrine with the Director Religious Affairs Presidents office.

We want the Anti-homosexuality Act re-tabled in 40 days and a National referendum called for all Ugandans to confirm and endorse this law.

What has made Yahweh angry is the way homousians are forcefully indoctrinating children into homosexuality and raping Adults and recording the act to blackmail them.

All Lawyers in Uganda Christians and Muslims, must joint this battle.

Martin Luther King Tr-celebrated Pastor and Human rights fighter said ***"You begin to die if you don't pick interest in things that affect society"***

In the book of **Deuteronomy 30:19**, Yahweh says today I call heaven and earth as witnesses against you. Choose – life or death.

In the book of **Leviticus 20:13** Yahweh says the sentence for homosexuality is death on earth and in heaven.

Those who have chosen Homosexuality have chosen death. However what arguers Yahweh is not just that they have chosen death. What Angers Yahweh most is that they are forcing it on other people adults and children by force, by trick and by scholarships lied to homosexuality. They are breaching their right to be free from homosexuality.

They are damaging their amuses body. When God destroyed the sodomy and homosexuality in Sodom and Gomorrah he tested whether they were forcing others into

the Act. The proved it when he sent two Angels to Sodom and Gomorrah and they were almost grabbed, read the book of Genesis in the Bible.

Yahweh the Elohim of Yisrael has already in Uganda sent Angels to spy on the level of homosexuality, they have gone back and confirmed how children are being captured and sodomized. The way in Kabaka Mwanga's time children when were captured and kept as pages in the palaces. Now in this; era rich men have captured innocent children. They are in their gates; in this parameter walls, in schools, heavily guarded facilities in Kampala. That is why homosexuals have escorts in Kampala.

The war is not a war against sinners and homosexuals; it is a war against the sin itself i.e. is a war not against just a group of homosexuality in the security circles or a group of homosexual people in a particular party or homosexual MPs or homosexuals in the Catholic or Anglican church or any church or homosexual politicians.

It is the war of Yahweh not against flesh and blood but against principalities in high places as the Bible says.

Madam Speaker those imposing Homosexuality on our culture are taking advantage our of our collapsing spiritual, cultural values, collapsing food chain, collapsing social norms and values and collapsed parenting.

WESTERN EDUCATION SYSTEM:-

The current western education system keeps children in bondage and detached from parents.

From the age of 3 years a child wakes up at 5:00 a.m goes to school spends the whole day comes back at 8:00 pm and is asleep when the parents return to work by 9:00 pm. Children are being raised by T.V. and Google. This continues from Nursery to University. This is no parenting.

The Internet Google has replaced the traditional Aunty. The Traditional Senga who told the young women about sexual relations.

SOCIAL NORMS

African social values of integrity are not being taught to children. We only have African names and occasionally speak African languages but without African culture and etiquette. This is what Europeans are filling up with their culture which includes homosexuality.

Madam Speaker you are a good example of an Ateso girl, well rooted in the culture of your people and well educated as well. These days its rare to get educated children who know their culture.

We are looking forward to work with the government Ministry of Gender and Social Development Family Affairs Department and the Director of Religious Affairs in the Presidents Office to immediately from a **National Task Force on the Anti Homosexual Act**. The government must immediately release funds to Religious Affairs Department for this task.

We shall bring on board all sectors and all African youth to rally behind the President, the Parliament and the Judiciary to end this vice.
